## GUIDELINES FOR RESPONSIBLE OUTDOOR RECREATION

Camp Wa-Ri-Ki follows safety guidance provided by Washington State Departments of Health and Parks and Recreation Office. Here is how to enjoy the outdoors AND help prevent the spread of COVID-19.

### Know Before You Go

- **Check what's open.** While many state-managed land destinations are open for day use and camping, other local, tribal and federal land may still be closed. This is true for camping site availability at Camp Wa-Ri-Ki. In the event of statewide closure of State Parks, it is likely we will close our camping sites as well. **CALL AHEAD TO CHECK STATUS. 360-837-3168**
- **Stay local.** This will reduce the risk of contracting COVID-19 and bringing it back to camp.
- **Protect your bubble.** Limit the number in your group to 5 unless with members of the same household.
- **Come prepared.** Visitors may find reduced or limited restroom services as staff begin the process to reopen facilities. You are advised to bring your own soap, water, hand sanitizer and toilet paper, as well as a mask or bandana to cover your nose and mouth.
  - **Be prepared to have our Camp Host take your temperature and ask a short set of questions to help keep camp safe.** If you have a temperature at or above 100.4 degrees, you will **NOT** be allowed on camp property.
  - We encourage you to visit our website and read our "Safety First" plan for preventing the spread of COVID-19.
- **Enjoy the outdoors when healthy.** If you have symptoms of fever, coughing or shortness of breath, save your outdoor adventure for another day.

### Guidelines for camping

- **Avoid crowds.** Be prepared to go somewhere else or come back another time if your destination looks crowded.
- **Practice physical distancing.** Keep 6 feet between you and those outside your immediate household.
- **Follow the rules.** Rule enforcement puts visitors and staff at risk. Please follow all rules to reduce the need for interaction with Camp Wa-Ri-Ki staff. **Never leave a campfire unattended** and only build a campfire in designated and staff approved areas.
- **Be kind and respectful** to our staff and other camp visitors. We are all trying our best to keep Camp Wa-Ri-Ki safe and accessible. Staff do not write the rules, but they are responsible for enforcing them.
- **Wash your hands often.** Keep up on personal hygiene and bring your own water, soap and hand sanitizer with you.
- **Pack out what you pack in.** Take any garbage with you, including disposable gloves and masks.

1956-2021 Celebrating 65 years of continuous service and 45 years of Kiwanis Stewardship
